Boston Team Champions of World

Makes Two Home Runs in Last Game of Series.

CRAVATH A FAILURE

Strikes Out Twice, Once With the Bases Filled.

National League Park, Philadelphia, Oct. 13.—The Boston Americans are the world champions of 1915. The Red Sox defeated the Philadelphia Nationals by a score of 5 to 4 here today in a game which was nip and tuck until the finish. Twice the Philadelphias took the lead only to be tied, and Harry Hooper finally clinched it for the American league champions by smashing a home run into the right center stands. Hooper's big black bludgeon that put the Red Sox across as winner, the California boy smashing out two home runs during the game. Duffy Lewis was another hero for Boston, his home run clout in the eighth inning send-ing in a run ahead of him and tleing the score when it looked like a Phila-

delphia victory. The official score: BOSTON.

Japan Sends Shipments to Russia at Rate of Twenty Trains Daily.

BATTLESHIPS

Decoys Used to Bring Out German Torpedo Boats and Locate Land Batteries.

New York, Oct. 13.-Russia has een receiving munitions of war from Japan at an average rate of twenty trainloads a day for more than three months, according to Cyris Robinson a mining engineer of London, who arrived here today on the steamship California from Liverpool. Mr. Robinson said he was in Petrograd for two months on government business, the nature of which he declined to discuss. He declared that rail communication via Vladivostok had been turned over almost entirely to military trains and that the war materia coming from Japan helped in a great measure to check the recent advance of the central powers.

Dummy Battleships as Decoys.

A number of the California's passengers were from Glasgow. Several of these persons said there had recent ly returned to that port six dummy battlesips that had been with the British fleet. These dummy battleships, made by taking freight steamers and building over them woodwork and canvas so that they re sembled war vessels, were used as decoys in the effort to bring out Ger man torpedo boats and also to locate land batteries along the German coast. They are now being dismantled because the Germans discovered the

The Ogden Examiner Proved a Base Liar

A One Thousand-dollar Auditor, J. W. Edmunds, Hired by Fell-Browning Commissioners, Reported on February 20th, 1912, That Police Records Were Complete and Had \$8 Too Much Money—This Report Made 50 Days After Glasmann Retired From Office—The Report Is on File in the Recorder's Office at the City Hall-People of Ogden, What Do You Think of the Examiner Liars?

Edmunds immediately of uniformity between the two records, I regard this result as enafter Mayor Glasmann retired from office, January 1st, 1912. This tirely satisfactory, high-priced auditor was paid \$1,000 for his report and it was just filed away in the city records without publishing. In other cities the special auditor's report is published as an advertisement in the newspapers, but in Ogden, Fell and Browning simply filed it. If it had in the least reflected on Glasmann or Ex-Chief of Police Browning it would surely have been made public. Well, this report finds everything O. K. in the police department, excepting that the police department had turned in \$8 more than the clerk's books showed, which was an error in the clerk's books. This special auditor reports all the records complete in January, 1912, after Glasmann retired. Now what has the cowardly Examiner to say? Here is the special \$1,000
